

Admittance Level Switch

Easily finding out the operating condition from a distance

“It is annoying to open the sensor cover just for checking the operating condition at site!”
Admittance Level Switch has the operation LED to satisfy this request. The operating condition can be found with the cover closed.

Chute clogging detection

at fly ash air slider

※Photo : Admittance Level Switch installed at chute for Air slider

Operating conditions can be found without opening the cover

Remarkable point !!

LED lamp makes operating conditions visible at a glance!!

Power OFF

Undetected
